Smart Steps is a very good Pre-school, not only for lessons. It has improved the personal growth of my son. Whatever they had committed to at the time of admission, they have done it completely. Thanks and keep it up.

Praveen Patidar, Smart Parent, Smart Steps Preschool, Annapurna, Indore, M.P.

SMART PARENT

I love seeing our Smart Steppers progress through the year. Watching them learning something new is the most rewarding aspect of my work, whether it is learning how to tie a shoelace or recognize a new word. Our Smart Steppers are the best part of being a teacher. I love to make learning fun for children each day.

Rashmi Trivedi, Smart Teacher, Smart Steps Preschool, Kalyan, Maharashtra.

SMART TEACHER

As a part of Smart Team, I would like to thank each member for their professionalism and commitment. They are laying foundations for an enduring love for learning. A special thanks to the Parents for their support. Being a Principal, I promote harmony. I believe in care and dedication for every Stepper in school to develop each child's potential.

SMART Principal

Asha Sen, Smart Principal, Smart Steps Preschool, Kekri, Rajasthan.

The ECEd course offered by Smart Steps Institute gives not only theoretical knowledge but also Practical experiences. It grooms you as a Smart Teacher as well as Smart Parent. After pursuing this course, I have opened my own Smart Steps Preschool as a Franchisee. Overall I now have a wonderful career option. Thank you.

Purva Kadam, Smart Franchisee, Smart Steps Preschool, Borivali, Maharashtra.
